

Tamper resistant cover, cartridge control kit

Model:
991-004

Sun's tamper resistant cover is a zinc plated steel cover which press-fits onto the L Control cartridge shoulder. All Series 1 cartridges configured with a 'C' control will be shipped with the new style injection molded cap. This metal can is only available in kit form for replacement parts or field conversion and will fit any Series 1 'L' adjust cartridge, including those designed to fit the new style cap.

Technical Features

- For use on all Sun cartridges with an L control.
- The tamper resistant cover is designed to be a non-removable item. Once removed, it can not be re-assembled to the cartridge.
