390-002	Knob Adjuster	1
999-991-011	Sheet - Information	1
300-002-014	Screw	1

Instructions/Notes

- Use this kit to adapt all L controls to K controls (except Series 0 and counterbalance cartridges).
- Remove the existing stop ring from the adjust screw.
- Thread the lockknob onto the adjustment screw.
- Thread the handknob assembly onto the end of the adjustment screw until it bottoms out.
- Install the set screw into the handknob's threaded hole ensuring that the nylon tip digs into the valve's adjust screw.
