

TECHNICAL DATA

Body Type	Sandwich
Interface	ISO 05 - X&Y (Euro)
Body Features	Tap in manifold - X and Y
Mounting Hole Diameter	7,1 mm

NOTES

Important: Carefully consider the maximum system pressure. The pressure rating of the manifold is dependent on the manifold material, with the port type/size a secondary consideration. Manifolds constructed of aluminum are not rated for pressures higher than 3000 psi (210 bar), regardless of the port type/size specified.
